

HF-800 SSG

ADVANCED DATA SHEET

DETAILS

Model Name	HF-800 SSG
Model Title	Large Cone Wood Splitter + Grapple
Category	Cone Splitters
Brand	U.S. Pride Products

Description	The HF-800 single-speed grapple splitter is a game changer for log handling and processing. With all the benefits of the HF-800 SS cone splitter, this new machine also comes integrated with a 52-inch rotating grapple, making it a two-in-one powerhouse. This means that one operator can split, move and position logs without the need for additional attachments or help from a second machine and operator. Plus, the rotating grapple brings an added level of convenience, allowing for 360-degree movement and easy placement of logs for stacking or further processing in horizontal grinders or chippers. Don't miss out on the opportunity to streamline your log handling with the HF-800 SSG grapple splitter!
