

# SWL3230

## ADVANCED DATA SHEET

**DETAILS**

**Model Name**

SWL3230

**Model Title**

Wheeled Skid Steer Loader

**Category**

Skid Steers

**Type**

Wheeled

**Brand**

Sunward America

**Description**

Need for a compact and versatile skid steer with good lift capacity and plenty of power? The Sunward SWL3230 skid steer is highly versatile and compact enough to be easily maneuverable in small spaces. Despite its compact size, you will be impressed by the great breakout force and huge lift capacity. The powerful Kubota engine offers performance, exceptional reliability, and long service life. Maintenance and service are also easily accessible. Daily maintenance is very easy since service checkpoints and cooling system components are accessible at ground level from the rear door. When it comes to service, major components are also easily and quickly accessible by tilting the cab. When it comes to comfort, the SWL3230 offers a spacious cab with a wide entrance, a comfortable seat, ergonomic controls, and excellent all-around visibility. Last but not least, safety is not at rest thanks to the cab coupled with the excellent visibility and great stability of the machine.
