

J-1910

ADVANCED DATA SHEET

DETAILS

Model Name J-1910

Model Title 19" x 10" Small Tracked Jaw Crusher

Category Crushers

Type Jaw

Brand ARK

Description This compact, mini jaw crusher is the ideal solution for construction companies and contractors looking to recycle their concrete, pavers and demolition waste on site. This portable jaw crusher is equipped with tracks for full mobility & is designed to be easy to use - even for those who have never crushed before. This small crusher makes short work of hard, brittle materials including concrete, demolition waste, softer stone, or CMD. Its 19" x 10" single toggle jaw box, can crush materials as big as 8" - 12" in size with an output size adjustable down to 3/4".

PROCESSED MATERIALS

- Brick
- Concrete
- Demolition Waste

RECOMMENDED USE

Best For	Crushing small pieces of concrete, tile waste
Good For	Small qtys of softer stone, brick, cinder block and concrete pavers
Not Built For	Large production of aggregates, hard materials like granite or asphalt
Best Loader	Mini excavator, by hand
