

TR6536

ADVANCED DATA SHEET

DETAILS

Model Name TR6536

Model Title 65' Tracked Stacker Conveyor

Category Conveyors

Type Tracked

Brand Barford

Description

Looking for a reliable conveyor that can easily move materials around your job site? Look no further than the Barford TR6536 conveyor. This top-of-the-line piece of equipment is perfect for stockpiling and transporting a wide range of materials, making it an invaluable addition to any construction site or industrial operation. The Barford TR6536 conveyor is also ideal for use after a crusher or screener, helping to streamline your workflow and keep your project moving forward smoothly. With its Cat engine and unparalleled durability, the TR6536 conveyor is the ultimate solution for all your material handling needs. The TR6536 is a tracked conveyor with a 65' by 36" belt. This conveyor is a great mid sized option where you want a good sized stockpile, but want to be able to move your working area around.
