

R700S

ADVANCED DATA SHEET

**DETAILS****Model Name**

R700S

Model Title

28" × 26" Mobile Track Mounted Impact Crusher

Category

Crushers

Type

Impact

Brand

Rockster

Description

The R700S mobile impact crusher is perfect for sites where space is limited. It is easily transportable from one job site to another and is the perfect combination of compactness and maximum performance.

PROCESSED MATERIALS

- Asphalt
- Brick
- Concrete
- Demolition Waste
- Gravel
- Rock
- Virgin Stone

RECOMMENDED USE

Best For Compact job sites; recycling asphalt, concrete, demolition debris

Good For Crushing virgin stone, gravel, and concrete

Not Built For Extremely large-scale operations needing higher capacity crushers or recycling heavily metal contaminated concrete

Best Loader Large excavator

KEY SPECIFICATIONS

Ton per hour 150 tph

Inlet Opening 28" x 26"

Operating Weight 43,900 lbs

OTHER SPECIFICATIONS

Size In	Up to 21"
Transport Size (L x W x H)	29'6" × 7'11" × 10'4"
Engine Power	220 hp
Feed Height	10'2"
Stockpile Height	9'10"
Mobility	Full Mobile
Engine Type	Volvo Stage V
Working Size (L x W x H)	37'9" × 13'5' × 10'2"

FEATURES

- Electronic remote control & main controller with color display
- Dust Suppression
- Magnetic separator to keep crushed product clean
- Sound insulated engine compartment
- Crusher overload protection to prevent blockages
- Vibrating feeder with pre-screening
- Adjustable bypass chute
- Feed Hopper
