

# RCJ65T

## ADVANCED DATA SHEET

**DETAILS**

**Model Name**

RCJ65T

**Model Title**

26" X 14" Heavy Duty Compact Tracked Jaw Crusher.

**Category**

Crushers

**Type**

Jaw

**Brand**

RubbleCrusher

**Description**

The RubbleCrusher RCJ65T is a heavy duty compact tracked jaw crusher and the go-to machine for small to medium-sized crushing projects. This plant offers on-site recycling of construction and demolition materials, capable of crushing at up to 50 tph. It's an ideal solution for contractors, landscapers, pavers and hardscapers.

**PROCESSED MATERIALS**

- Aggregate
- Brick
- Concrete
- Demolition waste

**RECOMMENDED USE**

<b>Best For</b>	On-site recycling of brick, concrete, demolition debris
<b>Good For</b>	Compact, mobile crusher with overband magnet suitable for crushing concrete with rebar.
<b>Not Built For</b>	Large material or rock.
<b>Best Loader</b>	Mini or medium excavator

**KEY SPECIFICATIONS**

<b>Ton per hour</b>	50 tph
<b>Operating Weight</b>	9,900 lbs
<b>Size Out</b>	5/8" - 4"

**OTHER SPECIFICATIONS**

<b>Size In</b>	11" x 18"
<b>Engine Power</b>	49 hp
<b>Jaw Size</b>	26" x 14"
<b>Max Rock Size In</b>	11" x 18"
<b>Stockpile Height</b>	7' 2.6"
<b>Power Source</b>	Diesel Hydraulic
<b>Mobility</b>	tracked
<b>Engine Type</b>	CAT C1.7 diesel engine

## FEATURES

- Quick set-up time
- Compact and mobile with large jaw box
- Fully automatic hydraulic adjust crusher gap setting (no manual spring tensioning)
- Overband magnet for metal extraction standard
- Anti clogging mechanism (auto reverse of jaw based on blocked jaw cavity)
- Reversible jaw - good for asphalt
- Remote control for tracks and crusher operation
- US Compliant Caterpillar tier 4 diesel engine
- Rubber tracked undercarriage
- Hydraulic product conveyor
