

CR 600

ADVANCED DATA SHEET

DETAILS

Model Name CR 600

Model Title 23" x 11" Electric static Jaw crusher

Category Crushers

Type Jaw

Brand CM

Description Designed for crushing demolition waste and natural stone, rock, granite, slate, ceramics and glass. Thanks to its size and its low weight, it is easily transportable from one site to another and can also reach sites located at high altitudes or on islands.

PROCESSED MATERIALS

- Brick
- Concrete
- Demolition debris
- Gravel

RECOMMENDED USE

Best For Crushing small pieces of concrete, tile waste and indoor operation

Good For Small qtys of softer stone, brick, concrete pavers and cinder block

Not Built For Large production of aggregates, hard materials like granite or asphalt in warm environments

Best Loader Mini excavator, skid steer, or by hand

KEY SPECIFICATIONS

Ton per hour 6 - 45 TPH

Operating Weight 4,410 lbs

Size Out 0.4" - 3-1/4"

OTHER SPECIFICATIONS

Size In 8" - 12"

Transport Size (L x W x H) 6'7" x 2'11" x 7'5"

Tank Capacity N/A

Fuel Consumption N/A

Engine Power 11 Kw

Jaw Size 23" x 11"

Max Rock Size In 10"

Feed Height 7' 5"

Stockpile Height 4'

Power Source Electric 380 V

Mobility Static

Engine Type Electric

Working Size (L x W x H) 6'7" x 2'11" x 7'5"

FEATURES

- Crushing plates in Manganese 18% casting
- Easily transportable
- For small to medium construction sites
- Re-use of crushed material on site
- Elimination of aggregate disposal costs

ADD-ONS

DESCRIPTION

Conveyor belt kit [Included]

With herringbone rubber belt, length 13'1", for conveying crushed material in/out. Autonomous motor with its own control panel

Magnetic separator for reinforced iron [Included]

Applied only on conveyor belt kits, it attracts the iron and makes it fall to the ground, away from the crushed material

1-stage vibrating screen

One inclined stage, net of your choice, complete with an independent control panel kit

2-stage vibrating screen

Two inclined stages, mesh of your choice, complete with independent control panel kit

Motor with different voltages and tensions [Included]

Motors adapted to US certifications

Customisable support

Fully customizable support according to your requirements

Customisable loading hopper

Fully customizable hopper according to your requirements
