

GreMAC e1

Trommel Screener **Advanced Data Sheet**

Details

Manufacturer	Gremac
Model	e1
Category	Trommel Screeners

Overview

The Gremac e1 trommel screener combines eco-friendliness with high capacity, ensuring reliability and efficiency. Powered by electricity, this trommel is versatile, handling materials from excavated earth to rubble, with a remarkable screening capacity of up to 75 tph. Equipped with a spacious feed hopper, rear oversize conveyor, and customizable screen media, it tailors products precisely to your needs. The fines discharge conveyor minimizes material loss, while the mobile design on tracks facilitates movement across job sites. This innovative and eco-conscious screener is favored by construction and landscaping professionals. Its electric motor enhances sustainability by reducing emissions and noise pollution compared to diesel-powered alternatives. Additionally, an optional petrol or diesel generator set is available for added flexibility.
